Wind fans fire, claims 425 acres

What is being described as one of the largest forest fires in the Minden district in recent memory, has scorched 425 acres of Laxton Township. The blaze has been declared under control, as of Friday, but officials continue to watch the area for the possibility of new fires.

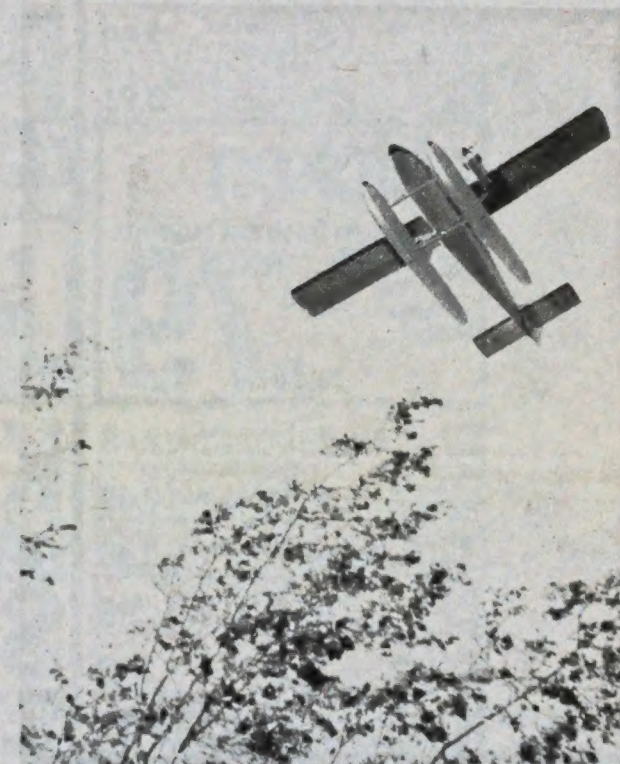

The fire started Monday, likely the result of a lightning strike, after a storm passed through the area. The Minden district fire control office in Haliburton dispatched crews to the scene and drew on the assistance of the two local fire brigades and volunteers. At the height of the blaze Monday, a water bombing aircraft from North Bay was called in to assist the ground crews in bringing the blaze under control. As well, a helicopter provided an aerial vantage point for the fire attack officer as he directed the various elements of the attack.

The blaze was fanned by a stiff wind that whipped the flames through the

tinder-dry bush, stubble and mixed stands of trees that are common in this

part of Laxton Township.

(more on page 26)

A water bomber from North Bay cruises over the forest fire near Head Lake. The aerial bombardment helped to bring the fire under control. More photographs on page 26.

Can trade deal or join U.S., says Glass

Bruce Glass is proud to be a Canadian. However, if the free trade agreement is not halted soon, he feels Canada, and especially Ontario, would be wise to become part of the U.S.

Glass, a Lindsay area lawyer and the likely person to represent Victoria - Haliburton Liberals in the next federal election, was the guest speaker at last Wednesday's meeting of the Haliburton County Development Corporation. The topic was free trade, and as might be expected, he is opposed to the deal struck by the current Progressive Conservative government.

Glass opened his

presentation by saying he hopes his negative feelings about this deal are wrong. "But if I'm right, we've got a lot of problems," he suggested. The deal gives the U.S. virtual control of Canada's natural resources and threatens the country's manufacturing base.

The meeting at Lochaven Inn was the second time the corporation's board has had the opportunity to discuss free trade. A few months ago at the annual meeting, the guest speaker stressed the merits of the deal. That speaker was Matt Fischer, the economic development commissioner for the Niagara Region. He had indicated

that a deal is necessary to protect against the threat of an omnibus trade bill in

the U.S.

Last Wednesday, Glass said that it was the fear of

being shut out of all trade with the U.S. that spawned such a poor deal for

Canada. Americans are

Waste plans a waste

Haliburton County Council's hopes of carrying out a waste management masterplan could be dashed because none of the recommendations would be binding.

Members of county council met recently with representatives of the Ministry of the Environment to discuss the possibility of conducting a study. However, according to Anson, Hindon and Minden Townships Reeve Sinc Nesbitt, any investment in a study would be wasted unless the municipalities are committed from the outset.

Once the study is completed, municipalities have the chance to opt out, Nesbitt reported to Minden Council last Thursday. "If you're going to

spend that kind of money, you should have to live with it," he said.

The idea of commissioning a county-wide waste management study was brought up at county council a few months ago. Since that time it has received good support from most of the municipalities.

However, because of this new information from the ministry, Nesbitt will not be supporting the idea when it comes up again at county council.

The problem is that, after spending hundreds of thousands of dollars to do a study, it could all be wasted if individual municipalities decide to opt out in the end.

Members of the board of the Haliburton County Development Corporation listened to a talk on the downfalls of free trade from Lindsay area lawyer Bruce Glass last week. Glass is an outspoken opponent of the free trade deal signed by the federal government and feels that something must be done to reverse it before too much time goes by.

Trent Severn water levels

The extremely dry conditions of the past three weeks have begun to take a considerable toll on the stored water. This resulted in levels averaging 91.4 per cent on June 13, a loss of 4

per cent in a week without any drawing water beyond minimum river requirements. This decline was faster than in 1987 and puts 1988 at only 10 per cent higher than 1987. The

levels are below the 10-year average by about 1 per cent.

The surplus was gone from the Kawartha by Thursday, June 16, and extra reserve water was released from the Gull and Burnt Rivers to offset the decline.

Otonabee River outflows remained set at minimum for the second consecutive week. The Trent River from Rice Lake to Trenton seems to

be handling the drought well on only the normal Otonabee minimum flow.

Commitment

It is discouraging to hear that Anson, Hindon and Minden Townships Reeve Sinc Nesbitt will be arguing against spending money on a county-wide waste management study. However, under the circumstances, we agree with his feelings on this matter.

The idea of creating a county-wide waste management system is a good one. But if individual municipalities are allowed to opt out after a costly study is completed, the whole process would be for nothing.

Ultimately, a study would identify a few good locations for dumps, which would be shared by all residents of the Highlands. In all likelihood, though, the residents of the municipalities where these dumps would be located would be up in arms at the idea of having garbage from all parts of the county dropped in their "back yard". Pressure would be brought to bear on the municipal council to back out of the plan and all the money spent on studying will have been wasted.

To do a proper study, we must first know which municipalities will be involved upon completion. And unless there is a commitment made from the outset, there is no use in doing the study.

Pitch in

While we're on the topic of garbage, we'd like to give some recognition to the great work done this spring by two residents of Bat Lake Road.

Nancy Cook and Marion Ingram took it upon themselves to clean up a two kilometre strip of the roadway where thoughtless others had strewn heaps of litter.

Amazed at the amount of garbage, Cook commented that our environment would be in a lot of trouble if everyone in the country threw even just one pop can along the roadways. On the same token, our countryside would be a heck of a lot cleaner if everyone picked up just one bag of litter.

Ingram and Cook have set a fine example of what can be done. Just imagine the results if we all "pitch in".

On pins and needles

letters

Costs gone way up

Editor:

Due to recent reporting of various council meetings, I am concerned that the general public may be getting the wrong impression regarding the billing of surrounding townships for use of the Minden Arena.

The Minden Arena and Community Center is subsidized by the taxpayers of Anson, Hindon and Minden due to the fact that it is very expensive to operate and is not self-sufficient. For many years the surrounding townships of Stanhope, Snowdon, Laxton, Galway, Somerville and Lutterworth have contributed \$25 per child (from their township) who is involved in minor hockey or figure skating. This does not include any adult activities. Because of rising operating costs and especially this year with capital costs of \$96,000 for structural repairs and energy improvements, we feel the other townships should contribute more.

Several years ago, three members of the recreation committee actually attended a meeting of each

(more on page 5)

Labels are very misleading

About a month and a half ago I had the pleasure of visiting a group of young people in a class at J.D. Hodgson Elementary School in Haliburton. It was my first visit with them, so they were a bit shy. The feeling was mutual. After introductions and a few songs we warmed up to each other. One young lady was particularly eager to participate in discussion and comment.

The young people of this class, along with the many daunting challenges that go along with growing up these days, face additional difficulties in their lives. What seems a simple job to "normal" people becomes in their world, a very complex task. In a world which thrives on speed, strength, and the quick and keen answer, their world operates at a

directions

by Edward Moll

different rate, slower, and at times frustratingly mismatched with their surroundings.

To compound these difficulties, we "normal people" attach labels to them:

Slow. Mental. Dumb. Mongoloid. Trainable retarded.

It takes a special kind of heart to work with these young people, compassionate, strong,

patient, and loving. And although I don't usually make it a habit of mentioning names in this column, I would like to express some heartfelt gratitude to Gary Noonan and Laura Scheffee.

Gary won't be there next year, and I'm sure he'll be missed. Both of these people I don't really know all that well, but I have seen them with their class, and they have made a deep impression on me. Their commitment to the class members, their care and concern gave an example to me of another One whose care and concern was likewise shown to those whom the rest of society chose to label and ignore.

Laurels, kudos, and thank you to Gary and Laura. God bless you both.

Giving up all those snacks

My war against fat began one day in a radio studio high above New York's Eighth Avenue. I was about to interview Mayor Ed Koch, and I was a little nervous ... nervous enough to drop the notebook I had in my hand. Annoyed, I bent down to pick it up and ...

RIIIIIIIIIIIIP

My dress pants. The ah, back seam, if you get my meaning. Right from beltline to crotch.

Luckily, it was New York, so nobody blinked at the sight of the crazy Canuck wearing a white shirt and tie with the tails hanging out. I did the interview alright, but through the back of my mind a tape loop was playing that said: "Okay, butter-

black 'n white

by Arthur Black

ball ... time to lose weight."

I believe it was Mao Tse Tung (another butter-ball, now that I think of it) who said: "Even a journey of a thousand miles begins with a single step." I took a lot of single steps. I gave up desserts. Then I gave up midnight snacks. Then mid-afternoon snacks, coffee break snacks, ALL snacks.

I was still fat.

The battle was joined in earnest. I started giving up things I REALLY liked. Things like Crispy Crunch chocolate bars and hamburgers with the works. Even (sob) beer. Pretty soon anything with any alcohol at all was verboten. Goodbye, ice-cold goblet of white wine with the little beads of perspiration running down your lovely flanks, adios, Tequila Sunrises, with that jaunty wedge of lime on the side, so ripe for sucking. Goodbye forever, rum and cokes, Martinis, Manhattans and Margueritas. Glenfiddich on the rocks we will not,

(more on page 7)

tters letters letters letters letters letter

(from page 4)

council and explained the situation. They were told that an increase wasn't in their budget that year but it hasn't been in their budgets any year since either. This year we decided to send each township a bill for \$100 per child which was accompanied by a letter of explanation. Because of this we have received much negative publicity which we feel is not warranted. Why should the taxpayers of Anson, Hindon & Minden bear the weight of all the costs.

Each township this year refused the increase to \$100 and while we under-

stand it was a shock and a substantial increase, it was intended to indicate that more is needed after all these years. Therefore a letter to each council is again being sent this week trying to explain more fully our position and also requesting an increase for next year to \$50. A member of each council has been invited to attend our recreation committee meetings and act as liaison since things are always much better understood when one is involved.

Toni Carr,
Chairman,
Minden Recreation
Committee

We share this big planet

Editor:

Too often we have a tendency to ignore the potential long-range effects of our actions in favour of short-term, immediate relief. Too seldom do we take the time and put some effort into initially identifying, assessing and then realistically solving our problems. It's increasingly apparent to me that a very visible crisis of global proportions exists in waste management. This was brought into focus last

year when our television screen was repeatedly fuelled with the image of a garbage barge which left New York and floated about for months in a vain attempt to find a port of entry where dumping would be permitted. This struck me as a comical to the point of ludicrous, yet serious scenario. So, how in Helsinki does this have anything to do with local refuse?

The fact is, we all share the same planet which is currently under severe strain and in need of our support. Responsible waste handling programs presently exist which are enacted in various municipalities throughout Ontario and are legally enforced in those European countries that suffer from environmental devastation most severely. The blue box program, initiated as a means of collecting and recycling glass, tin, and paper continues to be a remarkably successful and effective system for reducing dramatically the amount of discardable, dumpsite-destined material. A large portion of these substances that we acquire, burn or bury in our community back-yard can be recycled and re-introduced into the market as usable products. Unfortunately, as part of a throw-away society we continue to treat our resources as if they're inexhaustible. The rapidly growing number of sick and extinct species of plant and animal life is ample proof of the wrongness of this assumption.

Our predominant "out-of-sight, out-of-mind" attitude has led us into an out-of-control situation that necessitates that we all consciously and con-

scientiously pitch in, assist at the helm and begin to redirect our course in this potentially glorious experience known to foul it's own nest. This fact is persistently and alarmingly evident if we care to believe the news media, which every day presents us with another glimpse at the tip of the toxic iceberg. Steadily escalating amounts of hazardous wastes are released into the environment, resulting in destruction of ozone levels in our atmosphere and cumulative toxicity of our soil, air and water which paves the way toward our inheritance of a plethora of environmentally-induced health problems. This is certainly not a legacy I wish to leave for my children or grandchildren.

It's easy to say that industry, corporate greed, slack environmental laws, urban insanity, governments asleep at the wheel and our thirsty uncle across the border are the collective culprit.

An overwhelming sense of hopelessness, helplessness, gloom and doom prevails when we consider the task at hand, the need to turn so much around. Old habits are most often difficult to transform, but the will, effort and willingness to adopt new patterns of constructive behaviours usually bears surprisingly worthwhile results.

Perhaps some sane, stabilizing examples could be shown here in Haliburton County to demonstrate that we do, indeed care to conserve, nurture and protect our habitat. The inertia of feeling powerless dissolves in well-informed, positive, remedial action.

As an area renowned for it's blue sky, relatively clean water, fresh air,

green forests and wild flowers (those which haven't been sprayed) we have an obligation to one another, our future progeny and our home terrain to put some energy, time and work into doing something to promote the well-being of these surroundings that well deserve such attention.

If not now, then the eventual social and environmental costs of our take it, try it, and toss-it-away tendency include inflation, higher taxes and a wasteland filled with the dust of both apathy and good intentions. We will all have to inevitably pay for the massive clean up. I've spent too much time pretending to be an ostrich with my head buried in the

(more on page 7)

Very few idiots

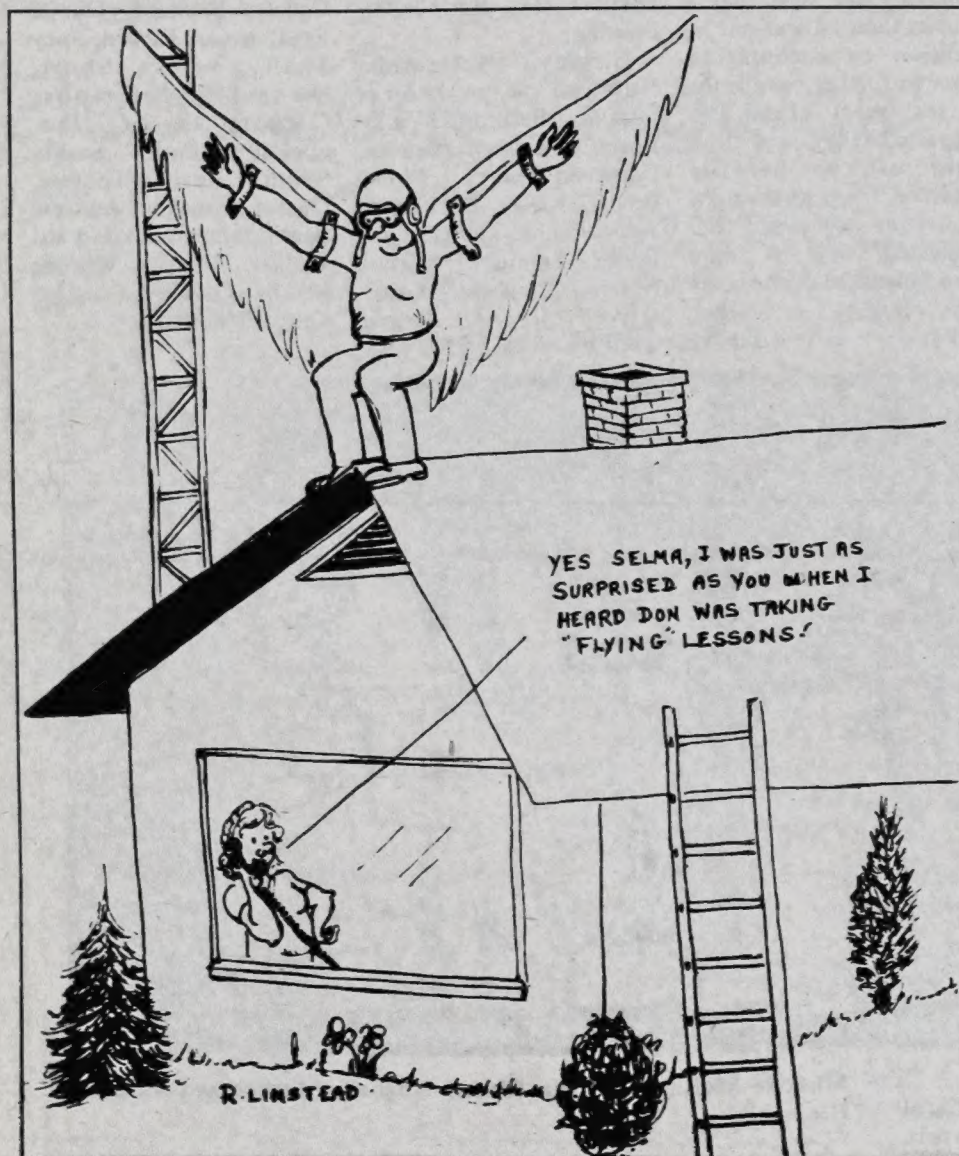

Editor:

Re: Letter from W.H. Ingram, June 20/88 edition.

Yes the Ride for Sight did raise over \$325,000.00. There were 6,800 concerned people riding in it and they worked hard to raise the money. My husband and I were included in that group.

We did not put the skid marks on the shuffleboard courts and I don't think the money should be misused to clean up the skid marks. I agree that a couple of riders out of 6,800 were out of line, but in every group of people one can always find a few idiots.

M. Simmeron,
Minden.

High school is just a few short months away for the students at Archie Stouffer Elementary School who graduated from Grade 8 at a ceremony last Wednesday evening. From the left, front row, are: Teresa Short, Andrew Veale, Joey Shaw, Eddie Armstrong, Steve Beaver, Caitlin Hynard, Lisa Holland, Charlie Packard, Leisa McKnight, Vicky Beach, Saskia Smith, Joel Cox, Larissa Gray, Jackie Smith, Bryan Rivard, Greg Sisson, Denise Murphy, Rebecca Wilson, Donna Lee Simmons, Tara

Kruusi; middle row: Tanya Woodcock, Dustin Vanasse, Jamie Walker, Jay Hughes, Robbie Kraemer, Jerry Cooper, Kevin Tousaw, Sandy Bannon, Phillip Boyle, Greg Ackerblade, Craig Harding, Ernie Demuth, Mike Wingat, Dan Reid; back row: Michelle Maybee, Erin Lynch, Tracy Howard, Kevin Buchanan, Mike Klochhoff, Cameron Berry, Oliver Greer, Michelle McKnight, Carol Forrest, Aaron Hie and Paul Walker.

Another class of students has graduated from Archie Stouffer Elementary School in Minden. Wednesday evening 47 grade eight students at the school were presented with their certificates by the Haliburton County Superintendent of Education, Dale Robinson.

The auditorium at the school was filled with family members, teachers, friends and fellow students who witnessed the ceremony and wished the students good luck as they continue their education at the high school level.

In addition to the presentation of graduation certificates, the outstanding students of the year were honoured with special awards. Among the awards presented were:

Honour students: those receiving an 80% average or better in their grade eight year, Sandra Bannon, Vicky Beach, Carol Forrest, Larissa Gray, Aaron Hie, Caitlin Hynard, Robert Kraemer, Erin Lynch, Michelle Maybee, Michelle McKnight and Bryan Rivard.

Athletic achievement: presented to the students demonstrating a combination of athletic ability, sportsmanship, leadership, coachability and enthusiastic involvement in the school's athletic programs. The recipients included

Donna-Lee Simmons, Craig Harding and Jay Hughes.

The Ontario Public School Teachers Federation award: presented to the student of special distinction in all aspects of school life including academics, sports, leadership, social and extra-curricular activities. This year presented to Carol Forrest.

The Tim Harrison Memorial Music Award: presented in memory of the son of Norman and Betty Harrison, who died in 1974. The award is presented to the student showing achievement in

musical studies including participation, enthusiasm and ability in written work. The award was presented to Vicky Beach.

The Alan Walker Memorial Award: presented to the student who is an excellent "school citizen", always helpful, outgoing and friendly. The award was presented to Tanya Woodcock.

In addition to these special awards, students excelling in various subjects and school activities were honoured.

The guest speaker for the evening was Constable Gary Chapman of the Ontario Provincial Police.

The officer was familiar to most of the students since he was involved in the VIP (values, influences and peers) program presented when they were in grade six.

Mr. Chapman congratulated the students for achieving the first major goal in their education. In addition to encouraging them to further excellence in the years ahead, he suggested they not lose sight of the benefits obtained from pursuing a personal dream. He suggested that if they found pleasure in music, or art, cooking or other activity, not to let it slip by

while in pursuit of a career. "Don't sell yourself short," he told the audience, "keep your talents fresh and alive."

The following students at Archie Stouffer Elementary School received graduation certificates Wednesday evening:

Gregory Ackerblade, Edward Armstrong, Sandra Bannon, Vicky Beach, Stephen Beaver, Cameron Berry, Philip Boyle, Kevin Buchanan, Jerry Cooper, Joel Cox, Ernie Demuth, Carol Forrest, Larissa Gray, Oliver Greer, Craig Harding, Aaron Hie, Lisa

Holland, Tracy Howard, Jay Hughes, Caitlin Hynard, Robert Kraemer, Michael Klochhoff, Tara Kruusi, Karen Litle, Erin Lynch, Michelle Maybee, Leisa McKnight, Michelle McKnight, Denise Murphy, Martin Nesbitt, Charles Packard, Daniel Reid, Bryan Rivard, Joey Shaw, Teresa Short, Donna-Lee Simmons, Jacqueline Smith, Saskia Smith, Kevin Tousaw, Dustin Vanasse, Andrew Veale, James Walker, Paul Walker, Rebecca Wilson, Michael Wingat and Tanya Woodcock.

This year's grade 8 honour students at Archie Stouffer School included, from the left: Vicky Beach, Sandy Bannon, Carol Forrest, Larissa Gray, Robby Kraemer, Caitlin Hynard, Erin Lynch,

Michelle McKnight, Bryan Rivard, Michelle Maybee and Aaron Hie.

There's still time to catch Arctic Joe

(from page 5)

after all, take a cup of kindness yet. It was fun, but it's over. We're through.

I did it, too. Gave it all up. Booze. Lemon meringue pie. Turtles chocolates. There was just one tiny, lingering problem.

I was still fat.

So I played my trump card: I took up running. Nothing spectacular, you understand. After devoting 45 years to sloth and dissipation, I wasn't likely to turn into a threat to Ben Johnson overnight. I don't set records, but I sweat, I hurt, I gasp and pant and I get from A to B faster than a speeding garden slug, and that is running to me.

I do not run to hear the cheers of the crowd as I break the tape (fat chance). I do not run to revel in the Zen high of synchronizing muscle and lung and heart.

So why do I run? I do it because I believe that some day I will jiggle off the last of the suet from this bag of flesh and bones and I will be that which I have never been in my life - a thin person.

A sick addiction, I know. Still, it could be

worse. I could be Arctic Joe. Now *there's* a running fool. Joe Womersley's a Toronto man who's run just about everywhere you can get to in a pair of running shoes - Alaska, Hawaii, all over the States and Canada.

Where does the "Arctic" in Arctic Joe come from? Oh, he picked that up as organizer of an annual marathon on - wait for it - Baffin Island. Joe's been in charge of it for the last nine years. Last spring, as an extra treat Arctic Joe organized a team to run a 10-kilometre race around the North Pole. There are now twelve hardy souls in the world who can claim they ran around the world in 80 minutes.

Arctic Joe is one of them of course. Crazy as a loon, Arctic Joe is. Right now he's in Africa, coping with 40-degree heat and dodging Cape Buffalo as he competes in a 100-k marathon. Clear gaze. Firm handshake. And slim. Did I mention slim?

There's one other thing that Arctic Joe is. Sixty-two years old.

He's an inspiration for pudgy also-rans like me. I too, can look as good as Arctic Joe.

I just have to practise for the next 17 years.

ers letters letters letters le

(from page 5)

sand of day by day survival. This "if I don't see it, it doesn't exist" posture has proven to be a good way to avoid the stark reality and stress of imminent confrontation, but a poor excuse for responsible crisis management. I moved here largely because I felt refreshed and rejuvenated by this area's

natural beauty and am convinced that this special, inspirational quality also draws the majority of our rest and recreation seekers to the Highlands. We already have the solutions and technology to instigate change. What's required at this point isn't another mandate, commission or permission from above, but the manpower, individual decision and

community commitment to start the wheels turning. Throwing more tax dollars in the face of the problem and talking about far-future options isn't the answer. Coming to our senses, formulating short and long-term plans and carrying them through is a much more tangible and satisfying solution. We "don't need a weatherman to know which way the

wind blow" (R. Zimmerman).

For a couple of starters, how about setting up a monthly hazardous waste deposit? A viable local recycling program with town and dumpsite bins for newspapers, tins, cardboard, glass and plastic is another distinct possibility. We could literally get up off of our cans and put them into bins. Since so much environmental damage stems from filling consumer needs, as consumers we could begin to learn about the advantages of biodegradable, non-polluting products and make aware choices about selecting packaging and produce that falls in the harmless category. If enough of us request it, provision will follow.

We need to be kinder to the earth, "our mother". She's not feeling well and needs our assistance, so let's get on with the show. Our energies are needed to implement what needs doing.

Gordon Smith,
Carnarvon.

Flood zones illogical

Editor:

The following is an open letter to the Honourable John Eakins.

As you know the Provincial Government is currently in the process of instructing land use controls regarding floodplaid in the Municipalities of Anson, Hindon & Minden and Lutterworth. Although, ostensibly, the Official Plan and Zoning By-law which contain the floodplain provisions must be passed by local council, the pressures brought to

bear by the Province in the approval process result in ultimate responsibility being borne by the Province.

It is my understanding that the Provincial Floodplain Policy is currently under review but despite this fact the above noted municipalities are being pressured to pass land use regulations incorporating floodplain provisions.

Originally local councils passed land use regulations showing no floodplain areas along the Gull River. Provincial officials refused to approve these

documents, insisting that there were flood prone areas along the river and that these must be identified under Provincial Floodplain Policy. Under the policy the standard for defining flood plain lands is defined as "the higher of:

- 1) the flood resulting from a storm event equal in magnitude to Hurricane Hazel in 1954 or the Timmins storm in 1961.
- 2) the 100 year flood; or
- 3) an observed flood event

Skaters had a great season

The Minden Figure Skating Club had another successful year and here is an up date of the things that happened since the spring.

At the Haliburton Test Day Jody Reid, Simon Reid, Marita Schrader and Veronica Anderson got their Preliminary Figure. Jody and Simon Reid also got their Canasta, Preliminary Dance. In the Preliminary Dance (Swing), Lisa Ranson, Marita Schrader, Kyla Grexton and Kristi Barkwell passed this and now these girls

have completed the Preliminary Dances.

Andrea Pawluch passed her first figure and Sara Lee Henderson passed her third figure.

Veronica Anderson, Jody Reid, Lisa Ranson, Simon Reid and Carol Mowat passed their Preliminary Freeskate. In the Junior Bronze Dances Meaghan Obee, Jamie Kent and Carol Mowat passed their Fiesta and Andrea Pawluch passed her Ten - Fox and Willow and she now has completed her Junior Bronze Dances.

At the Fenelon Falls Test day Lisa Carr passed her 5th Figure. Cori Barkwell, Abby Burk and Janene Garbutt tried their 14 Step with Janene and Abby passing and Cori failed. Tammy Pritchard tried her Senior Bronze free skate but she was unsuccessful.

At Spring School held at Ops on May 15 Kristi Barkwell passed her Junior Bronze Fiesta Dance. Andrea Pawluch and Cori Barkwell passed the Fourteen Step in the Junior Silver event. Marita

Schrader attempted the Fiesta Dance but was unsuccessful. Keep trying Marita.

Lisa Carr passed her Senior Silver Freeskate but failed her 6th figure and Jane Symons tried her sixth figure and the Variation Dance but failed both. The judges didn't agree with the spectators "Jane", so keep trying.

At the Annual Banquet, held at the Curling Club, it was a night that everyone could relax and visit. Toni Carr took this opportunity to thank her executive

for 87-88 for all of their hard work, then she handed over the Presidency to Linda Schrader. The 88-89 Executive is Linda Schrader, President; Toni Carr, Past President; Secretary, Linda Pawluch; Treasurer, Joanne Berube; Helen Burk, Publicity; Leitha Grexton, Fundraising; Marilyn Ranson, Canskate Co-Ordinator; Maxine Kent, Precision Chairman; Penny Obee, Interclub Chairman; Carolyn Steele, Hospitality; Michelle Barkwell,

Test Chairman; and Corrine Howell, Badge Chairman. The Directors are Nick Pawluch, Anne Neary, Lee Henderson, Norma Burk, Janet donnelly, Ricki Woods and Kathy Stainton.

This past season has been another great year, but it wouldn't have been possible without the hard work of the executive, parents and coaches but most of all to all of our skaters, who always did their best.

DRIE responsible for sharing the wealth

by Bill Scott, M.P.

The Department of Regional Industrial Expansion (DRIE) is responsible for ensuring equitable regional distribution of our national prosperity.

The regional development ministers' conferences instituted by our government have become a regular and vital vehicle for the advancement of

regional development issues and concerns.

Economic and Regional Development Agreements (ERDAs)

- We have signed ERDAs with Ontario, Quebec and British Columbia; all provinces now participate in the economic and regional development program.

- The total dollar value for ERDAs and sub-

ERDAs signed since the Progressive Conservative government came to power is over \$3.2 billion.

- Forecasts for 1988 - 1989 spending on ERDAs and sub-ERDAs is set at \$41.2 million.

Newfoundland: Signed sub-ERDAs include: pulp and paper; highway construction; tourism; inshore fishery development; Channel-Port aux Basques; and forest resource

development. A science and technology Memorandum of Understanding has also been signed.

P.E.I.: Signed sub-ERDAs include: tourism; marketing; industrial commissions; meat processing; industrial competitiveness; and mineral development.

Nova Scotia: Signed sub-ERDAs include: fisheries; tourism; technology transfers; advanced manu-

facturing; forest renewal amendment; SYSCO modernization; Michelin Tires; and Sydney tar ponds.

New Brunswick: Signed sub-ERDAs include: tourism; industrial development; and industrial innovation.

Quebec: A recently signed ERDA includes the following sub-ERDAs: tourism; industrial development; communications

enterprises; cultural infrastructure; forest development; science and technology; mineral development; and transportation. A French-language TV Memorandum of Understanding has also been signed.

Ontario: A recently signed ERDA includes the following sub-ERDAs: planning; forest resource;

A NAME TO BUILD ON

Fair buildings talks continue

Anson, Hindon and Minden Townships Council held its regular meeting in the council chambers last Thursday evening when the following items were discussed:

Fair grounds

Mary Jane Irwin and Geoff Robinson from the Agricultural Society attended the meeting to continue discussions regarding the transfer of buildings on fair grounds property over to the municipality.

While the fair grounds are owned by the municipality, the washrooms and a food booth are owned by the Agricultural Society. Both parties are now trying to work out an agreement whereby the municipality will take ownership of the buildings as well.

The main stumbling block in reaching an agreement is the request by the fair board that it be given use of the arena for a specific period each year for its beef barbecue. Council is reluctant to

agree to this since there is a possibility that at some time in the future the arena may be used year round.

At last Thursday's meeting, Irwin and Robinson offered to have the wording in the agreement changed to guarantee that a municipal building suitable for the dance would be provided, not necessarily the arena.

The society and council still must reach a consensus on how long this agreement will remain in force.

Ambulance

Ambulance employees will be getting a four per cent pay hike that is retro-active to April 1, it was announced at the meeting. The Ministry of Health has given approval to this increase, and the municipality is continuing to bargain on behalf of the employees for more.

Deputy Reeve Bern Berry recommended that Mark Schell be hired to the full-time position as an ambulance attendant,

replacing Bill Davis who is returning to part-time. Council endorsed the recommendation by means of resolution.

the municipal bylaw enforcement officer for about a year.

County structure

Council was informed in a letter from the Ministry of Municipal Affairs that a public forum will be held to discuss the implications of any future changes to county government structure.

The meeting will be held on July 13 at the Haliburton Village Legion Hall. No time was indicated.

Bylaw enforcement

Council passed a bylaw which appoints Elaine McCrae to the position of Bylaw Enforcement Officer. The appointment gives McCrae the authority to hand out tickets where bylaws have been broken. McCrae has worked as an assistant to

Youth exchange returns to village

Based on the success of last year's Canada World Youth exchange in Haliburton Village, 14 young men and ladies from parts of Canada and Pakistan will again be staying in the area this summer.

Martin Cline, who will be heading this year's Canadian contingent, has been in town for a few weeks now making the preliminary arrangements for when the youths arrive. There will be seven Cana-

dians and seven Pakistanis arriving in Haliburton on July 31 and staying until October 14.

The Canada World Youth program is designed to give young people exposure to other cultures and communities, both in their own country and in the homeland of their counterparts. The Youths will be required to work with a social services group during their stay to gain

skills and to get a better understanding of the community. Cline says the social services agencies are preferred for the youths' work experience because CWY does not want to be taking job opportunities from others.

One of the ways the youths will be repaying the community for its hospitality is by completing a work project in town. Last year, the CWY participants built a rock garden in town. This year's project is

yet to be determined.

During their stay here, the youths will be billeting with families in Haliburton Village and the immediate area. They will be grouped in twos, with a Canadian and a Pakistani participant staying in each home. Cline said he is still arranging for billets, and has found the response from the community to be excellent.

It's a lot easier to come into a community in the second year of the

exchange program, he admits. Barring a few very minor troubles, last year's group left the village with a good impression, which makes it that much easier for Cline to do his job.

Cline, who is originally from Winnipeg, moved to Vancouver when he was 21. For some time he worked as a child care counsellor with teenagers. He later spent a year teaching English as a Second Language in Thailand and only recently

returned from three years of travel and work in the middle east.

While he is obviously well qualified for his role as a group leader with CWY, he admits it will also be a great learning experience for himself. In addition to making preparations for the youths' arrival at the end of July, Cline is busy practising his Pakistani language skills. He says he is also reading all he can to find out more about their customs.

Martin Cline will be heading this year's Canadian contingent of CYW exchange in Haliburton Village.

The Rockcliffe Snack Bar ladies fastball team took first place in the Wild Women in Action tournament in Fenelon Falls recently. The team boasts a record of six wins and two losses in league play and stands in first place. From the left, back row, are: top: Harry Pye, Lyn Winans, Marg Bates, Barb Hunter, Laurie Welch, Mike Kitcheman, Laura Thorn, Dana Hill, Bonnie Maxwell, Anne Simmons, Bruce Porter; bottom: Tom Simmons (coach), Linda Maxwell, Nancy Armstrong, Darlene Pettes, Sue Pye, Terri Dillon and Butch.

Snack bar ladies lead the league

The Rockcliffe Snack Bar team leads the Ladies Softball League. The team has six points, one ahead of Haliburton. In third place is West Guilford with 2 points while the Minden Seniors are in last place with a single point.

Reviewing the latest action, on June 16 the Haliburton squad defeated

West Guilford by a 16 - 3 margin. There were two games Monday evening. Haliburton hosted West Guilford and captured a come from behind 9 - 7 win. In Minden, the Rockcliffe Snack Bar scored 24 runs (and a crawl) against five runs by the Dixie Lee Seniors team.

Haliburton continued to

win, defeating the Minden Dixie Lee team 5 - 3 in Minden. Thursday evening the Rockcliffe squad travelled to West Guilford where they scored 25 runs to their host's 5.

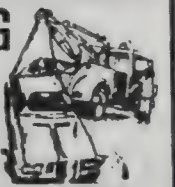

Not only does the Rockcliffe Snack Bar team show their ability on the local diamonds, they also captured top honours at the

Fenelon Falls tournament, earlier this month. Congratulations to them and the tournament organizers.

Members of the Archie Stouffer Elementary School Drama Club ended the year with a presentation of the play, *The Mortgage of Shady Brook*. Written by teacher Dale McConnell, the light-hearted comedy delighted student audiences and a special evening performance for parents during the last week of school. Cast members on stage for this scene include, from the left, Tanya Berry, Cameron Berry, Catya Hynard, Emily Henderson, Aaron Hie (hidden) and Ed Armstrong. Other members of the cast include, Kerry Brezina, Julie Bird and Jennifer Muirson.

New executive elected

On Wednesday, June 22nd, 1988 The Minden & District Lions Club had their new Officers installed. The Lions International Deputy District Governor, of District A-16, Al Barker, of Beaverton Lions, performed the installation ceremony. Assisting the Deputy District Governor was Past President of the Beaverton Lions, Harvey Spence.

The Minden Lioness members and their husbands joined in with other guests and the Lions at this special dinner meeting.

The guest speaker was Mr. Bill Kulas, accompanied by his wife Ginger. He

for your service

by Mel Flood, Minden Lions

gave a very informative talk on Health Care of the future in Ontario. The Minden Hospital was the topic of the Question and Answer period, following Mr. Kulas's presentation.

The following Lions form the 1988-89 Board of Directors:

President Lee Oster, Immediate Past President Jim Hamilton, Secretary Bob McNab, Assistant Secretary Art Hosken,

Treasurer Mel Flood, Lion Tamer George Moulton, Tail Twister Hugh McIntyre, One Year Director

Frank Dunsford, Two Year Directors Paul Hopkins and Alan Thompson.

Toronto man charged in domestic

During the week of June 13 to 20 officers of the Minden OPP Detachment investigated 83 general occurrences and 23 traffic accidents with four persons injured.

Domestic assault

A domestic dispute on June 18 resulted in a charge of assault against Ron Duncan Cowen, age 46, of Toronto.

Police were called to the residence and found Cowen's estranged wife had been kicked several times. Cowen will appear in Minden Provincial Court on August 3.

OPP Constable Dave

MacMartin investigated.

Impaired driver

Christopher Hill, age 29, of Toronto has been charged with Care and Control while Impaired and Being over the legal limit of 80 mgs, after a single-car accident on Bobcaygeon Road late Saturday, June 18.

Provincial Constable Wayne Smith investigated.

Injury accident

A car-bicycle accident at about 12:30 a.m. on June 18 resulted in Richard Lichty, age 27, of Minden area being injured and taken to hospital. Lichty

was operating the bicycle which was struck by a car operated by Michael Conneybeare, age 24 also of Minden.

Charges are pending in this investigation which is being conducted by OPP Constable Al Barnes.

Lost and found

Found - Twelve Mile Lake - 14' boat with motor.

Lost - Canning Lake - 10' x 4' section of floating dock, brown in colour.

Found - Pine Lake - paddle boat.

Thefts around the county

Kushog Lake - 12' white plastic boat with 9.9 h.p. Merc motor.

County Road 6, Guilford Twp. - 4' x 8" sign "IMPERIAL ELECTRIC", aluminum pot.

Gull Lake - deep well water pump.

Brady Lake - 14' Aluminum boat Harbour Craft.

Harding Scrap Metal - gasoline.

Grass Lake - V.C.R., liquor, pop, 400 lbs. beef, meat products, boat battery, battery charger.

Moore Lake - 16' York canoe, green.

PineStone Inn - cash.

Kickers boast winning record

The Haliburton Highlands soccer team has a 3-2-1 record on the season.

Tom Eager is the leading scorer for the squad scoring five goals in six outings. Sharing the second spot in the team's scoring standing is Bill Wullemme and Hans Walter, with two each.

The following is a summary of the games played during the season: May 8, the Haliburton team shut out the Bracebridge Juniors 1 - 0; May 15, they lost 3 - 0 to the Bracebridge Centennials; May 29, they defeated Gravenhurst Alumni 5 - 1; June 5 they played to a 2-2 tie against Orillia Inter; June 12, they defeated Orillia City 4 - 1; June 19, they played to a 2 - 2 tie against the Hunstville Juniors.

The Haliburton team's next home game is July 10, 1 p.m. at the high school field. They will play the Bracebridge Centennials.

Robin Hood?

Greg Chynoweth, a grade 5 student in Mrs. Roger's class at Archie Stouffer Elementary School was dressed in appropriate garb for a medieval feast on June 17. The class had been studying Medieval times and they ended the unit with an outdoor feast on the school lawn.

Perras, Taylor to play at fall fair dance

The number one duo in Canadian country music will be the guest performers at the Haliburton County Fair Dance on August 20.

Anita Perras and Tim Taylor have earned widespread acclaim for their musical talents, and should be a very popular attraction when they come to the Minden Community Centre during the annual fair.

The husband and wife team from Bowmanville

have many awards to their credit, including the Canadian Country Music Awards for top duo and top female vocalist. They have also been nominated twice for Juno Awards.

1985, in particular, was an eventful year that saw them win a coveted Canadian Country Music Award as 1985 Duo of the Year, a Country Music News Fan Award as Canada's most popular Group of the Year, and a Juno nomination from

their peers in the Canadian Academy of Recording Arts and Sciences (CARAS) as Canada's Outstanding Country Duo.

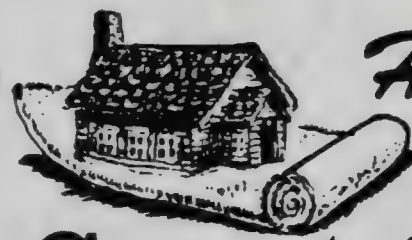

But 1986 was even better. Not only did the couple reprise their 1985 success by winning the 1986 Canadian Country Music Award as Duo of the Year but, Anita was honoured for her work as solo artist with the 1986 CCMA Female Vocalist of the Year Award.

Like most successful performers, music has always been a part of Anita and Tim's lives. When Anita was 11 years old she had already become a celebrity in her hometown of Sudbury, Ontario, singing at amateur shows, local jamborees and TV telethons. Tim began his career at an early age, too, playing guitar and singing with a number of Bowmanville based country/rock bands during the mid-seventies. Shortly after their paths crossed for the very first time in 1978, Anita and Tim decided to sing together as a duo, and in 1981 the couple made their duet a permanent relationship.

The duo will be touring extensively throughout the summer, and one of the stops along the way will be in Minden for the fair dance on August 20. Admission to this year's dance will be \$8 or \$15 per couple. There are no advance ticket sales.

Carol Forrest receives the Ontario Public School Teachers Federation award from teacher Nick Pawluch at the Archie Stouffer Elementary School graduation ceremonies Wednesday night.

Hyland Crest administrator upgrades management skills

The Hyland Crest Senior Citizens Home in Minden went to school this summer. It's one of more than 100 non-profit agencies in Ontario plugged into Queen's University in Kingston for management training. Dwight Morley, administrator, attended a one-week seminar May 29 - June 3 at Queen's on skills for non-profit managers.

"I think this is an excellent program with

good instructors and covers a lot of relevant issues like marketing, job evaluation, communications, and what is going to happen to long-term care in the future," said Morley. "One talk we had on the aging population was very important to me because Haliburton County has the highest percentage of people over 65 in Ontario."

The Management for Non-Profit Organizations program expanded this

year from two, to three, one-week sessions and the Ministry of Community and Social Services doubled funding from \$6,000 to \$12,000. By the end of this summer more than 325 social agency workers will be better equipped to cope with the crises of managing budgets, people, and programs in non-profit organizations.

More than 200 people have been trained since the

program started in 1984, with just \$24,000 in government funding. Children's aid societies, school boards, shelters for the abused, home visiting agencies, and numerous other organizations have benefitted from the management expertise of Queen's faculty. Non-profit managers learn how to resolve conflicts with staff, plan budgets, use computers, and organize fund-raising.

Did you know?

I am sure most of us have experienced the frustration of setting out on a long motor trip and have found ourselves right in the middle of unexpected construction on one of our main highways. To help you avoid this type of inconvenience, each

month during the summer the Ministry of Transportation provides the Information Centre with a bulletin which gives locations of construction and road closing for all the provincial highways in Ontario.

To save time, before

starting out on your next motor trip contact your nearest centre - the staff will be more than happy to provide you with a copy of the latest Highway Construction Bulletin and while you are there, perhaps you will find other information of interest to you.

If you are in need of help completing an application or have a question that needs answering, contact your nearest Information Centre.

Time to spare - consider becoming a volunteer, you will find it a very rewarding experience.

Deal is 'leap of fear'

(from page 1)

good negotiators because they play on their strengths, said Glass. They also respect others who do the same. "I don't think that our people did it," he said. They were bargaining from a point of disadvantage, with the fear of an Omnibus trade bill being

passed by Congress.

Instead of the "leap of faith" that this deal has been dubbed, Glass calls it a "leap of fear". Afraid of losing out on all trade with the U.S., he said they were anxious to accept whatever deal they could get. As a result, he said the textile and shoe industries in Canada will die. Agriculture

will be hit hard, and the auto industry will fade away over a period of 10 to 15 years.

The longer this deal is allowed to exist the more ironclad it becomes, said Glass. If there is a change of government in the coming federal elections, he said the new govern-

ment should kill this deal and begin renegotiations.

However, if this deal does stick, Ontario should look at whatever options are necessary to protect its industries. One of those options is to offer to become another state in the U.S. Americans are not as likely to shaft their own, said Glass.

Letting people know about the dangers of forest fires is especially important at this time of the year, when the fire risk is at its highest. And thanks to Archie Stouffer Elementary School students Max Weber and Andrea Hughes, the message is getting across. Max, a student in Mrs. Roodenburg's class won second place in the Ministry of Natural Resources Minden District fire safety poster contest. Andrea won first place in the district, and her poster was also judged to be the best in the Algonquin Region. Andrea, who is a student in Mrs. Sisson's class, received her award from fire crew leader Ron MacKenzie.

for anything... for everything... WANT ADS

Logic is questionable, consultant agrees

(from page 7)

At a public meeting in May 17, 1988 the planning consultant for Minden agreed that the logic for imposing flood control regulations on the basis of a Regional storm was questionable. It was pointed out that this policy presumes that if a storm of a certain intensity strikes a small area of Ontario, a storm of equal intensity, taking into account no topographical features, will impact directly over every watershed in the Province. That is a completely illogical premise! Furthermore, the Gull River floodplain mapping was predicated upon the Timmons storm rather than Hurricane Hazel despite the fact that the latter storm actually impacted on the Minden area with no flooding!

The planning official then indicated that the preferable means of determining floodplain was the "100 year flood". The definition of this term is vague but it appears to be related to the worst storm to impact on an area in a 100 year time frame. Unfortunately, data on water levels in the Gull River are only available over about 45 years. In order to apply the "100 year flood" alternative, then, data from other watersheds has been transposed to the Minden area to "estimate" possible flood conditions over a 100 year period. This process of transposing data from other watersheds repeats the illogical assumption upon which the Regional storm alternative is based. Trying to equate different watersheds on the basis of statistical data is very complicated, particularly if one takes into account the effect of topographical features on the meteorological probabilities of precipitation rates. As a result of these factors,

properties that have never flooded in living memory are being identified as prone to flooding and are thus being devalued.

Accepting that these alternatives are based on illogical and therefore unfair assumptions suggests that the only logical criteria upon Minden has flooded twice in the past 45 years. Both of those floods occurred during the spring when runoff from snowmelt was extremely high. On a watershed having an extensive system of dams and reservoir lakes, a flood due to spring runoff could reasonably be attributed to poor water level controls. As data on water levels increase the success of water management on the Gull River has increased such that no floods have occurred in the past 35 years while the area had flooded twice in the previous ten when statistics on water levels in the waterway were just beginning to be kept. As a

result, before land use controls identifying flood prone areas are instituted, I feel that it is incumbent upon the Province to prove that improper management of water levels, based on a lack of data, did not cause the two previous flood events. As at the most recent public meeting no consideration of this suggestion had been undertaken.

The Provincial press release of May 9, 1988 states that "the greater amount of flooding occurs as a result of a severe summer or fall rainstorm". The Gull River has never flooded as a result of such a storm, including Hurricane Hazel which impacted on the area but caused no flooding. If historical data from the affected watershed is used as the criteria to determine floodplain, owners of undeveloped lands which have never flooded would not be unfairly affected by floodplain proposals. The current Provincial policy

unfairly impacts on the value of such lands.

Given the fact that the Province is concerned with flooding due to storms and that the Gull River has not flooded as a result of a storm together with the fact that it has only flooded due to spring runoff and that such flooding could well have been controlled by better water level controls it would seem that the local municipalities may well have been correct in not indicating any floodplain on their original land use regulations. Without

further proof from Provincial officials one can only assume that this is so.

Good planning principles are not normally based on "what ifs", such as form the present foundation of the Provincial Floodplain Policy. The planning, on that basis, has resulted in hardship to owners whose lands have never flooded and can never be developed if the proposed land use regulations are passed. Your prompt response, in a public forum, will aid all affected in making and

accepting a proper decision. If such a response is not forthcoming, one can only assume that the above argument that such land use regulations are not needed in the area of the Gull River is irrefutable and decisions should be taken, based on that knowledge.

ONTARIO GOVERNMENT TENDER BAILEY BRIDGE FOR SALE

Tender No. S 11-88-1002

1 only Bailey Bridge, approximately 18' wide x 90' long.

Bridge has been dismantled and removed from Hwy. #518, 5.8 km east of Kearney, Magnetawan River, to the M.T.O. Material Yard, 207 Main Street West, HUNTSVILLE, Ontario.

Due to the length of time the bridge has been in service the Ministry strongly recommends the bridge be purchased for scrap value rather than to be re-erected as a bridge.

The Bridge may be viewed Monday to Friday from 9:00 a.m. to 3:30 p.m., except on July 1, 1988, by contacting C.L. Walker, 207 Main Street West, HUNTSVILLE, Ontario, P0A 1K0., Telephone: (705) 789-2391.

Employees of an Ontario Government Ministry, Agency, Board or Commission, shall not be eligible to purchase either directly or assisted by third parties.

Payments must be cash, certified cheque, money order or bank draft made payable to the Treasurer of Ontario.

Sealed tenders on forms supplied by the Ministry will be received by the District Engineer, Mr. D. A. O. White, until 1:30 p.m., local time, on

WEDNESDAY, JULY 13, 1988.

Tender forms and envelopes may be obtained in person or by mail from the District Office, 207 Main Street West, HUNTSVILLE, Ontario, P0A 1K0, Telephone (705) 789-2391.

Transportation**

INVITATION TO PARTICIPATE

TIMBER MANAGEMENT PLAN - FROST CENTRE CROWN MANAGEMENT UNIT

The Leslie M. Frost Natural Resources Centre of the Ministry of Natural Resources is about to initiate a Timber Management Plan for the Frost Centre Crown Management Unit.

The management plan will outline all potential areas for harvest, renewal and maintenance for the twenty year period from 1900 to 2010, and specific areas for harvest, renewal and maintenance for the first five year operating period. At the end of each five year operating period, a new updated plan will be prepared for the next twenty year period. The plan will also describe planned road locations and methods of addressing any identified concerns of other users of the forest.

You are invited to participate in the preparation of this plan by submitting your comments either verbally or in writing, to the Director at the Leslie M. Frost Natural Resources Centre by August 29, 1988. Please identify areas which you feel contain values that may be affected by timber management operations, specific issues or concerns which you feel should be addressed, or any background information you may have on the management unit.

Public comments will be sought at the following stages in the preparation of the timber management plan:

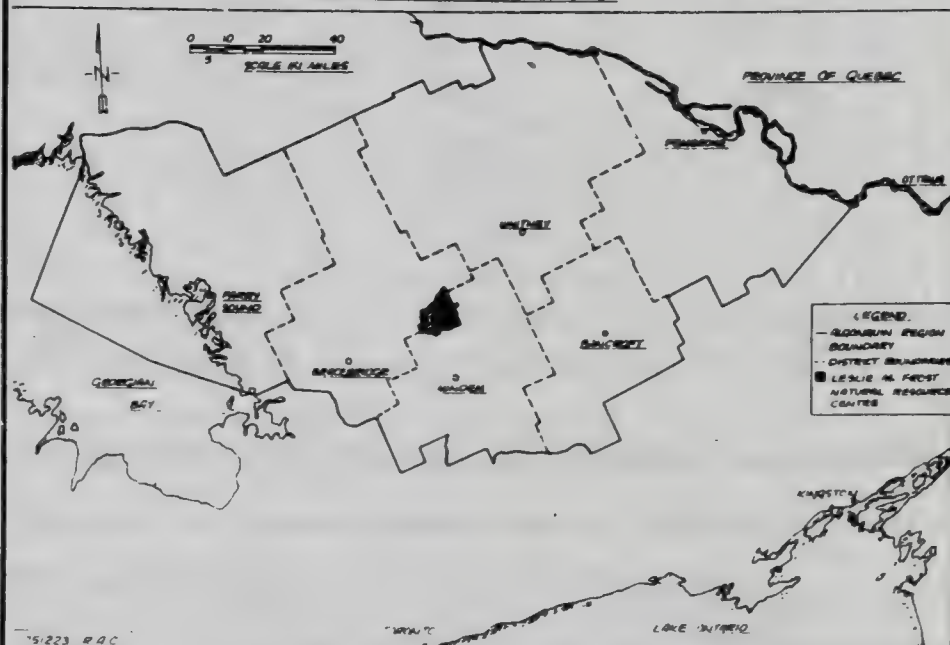

Invitation to Participate - Thursday, July 28, 1988, at the Frost Centre's Third Annual Open House, 10 a.m. to 4 p.m. Deadline for comments is August 29, 1988.

Public Review - Information Centre - Saturday, March 25, 1989, at the Frost Centre's Maple Syrup Day, 10 a.m. to 4 p.m. Deadline for comments is April 24, 1989.

Public Review of the Draft Timber Management Plan - Thursday, July 27, 1989, at the Frost Centre's Fourth Annual Open House, 10 a.m. to 4 p.m. Deadline for comments is August 28, 1989.

Upon completion, the public will also be invited to inspect the approved Timber Management Plan for the Frost Centre Crown Management Unit.

Two area residents clean up Bat Lake Road

In just two kilometres of Bat Lake Road, Marion Ingram and Nancy Cook picked up enough trash to fill the trunks of two cars and the back of a pick-up truck. Above, Cook loads one of the retrieved mattresses into the back of the truck to be taken to the dump. Below, Ingram fills yet another garbage bag with the trash collected along the road.

Bat Lake Road is a great place for a walk now that a few of its residents have gone to the trouble to pick up the mounds of garbage that were strewn in the ditches.

Earlier this spring, Nancy Cook and Marion Ingram took it upon themselves to clean up the garbage lying along about two kilometres of Bat Lake Road. And once they set to work, they were amazed at the quantity of garbage that had piled up in just that short section.

Cook said they got the idea to clean up the ditches after taking a walk one night. She said they decided that the next time they go for a walk they would bring along a few garbage bags. Soon they had collected enough junk to fill a pick-up truck and two car trunks full. "We must have picked up a thousand pop cans," said Cook.

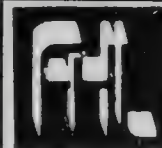

"It's amazing, the junk people throw out," she said. In addition to pop

cans, old signs, beer bottles and conventional trash that people toss out their car windows, they also found two bed mattresses. One of the mattresses was in the ditch on Bat Lake Road and another was found along South Lake Road. In either case, they were only a few miles away from the dump.

The clean-up caused quite a stir in the area, said Cook. People saw all the garbage that was being hauled out of the ditch and were surprised at the amount that had accumulated.

Garbage is becoming a terrible problem," she said. "If everyone threw out just one pop can, the world would be a terrible mess."

However, thanks to Cook and Ingram, at least one small part of Haliburton has been cleaned up. So far they have cleaned about two kilometres. And next spring, before the foliage grows back up, they hope to do some more.

Restructuring is underway in Ministry of Health

by John Eakins, M.P.P.

In order to ensure that the Province of Ontario meets the needs of the changing health care system, the Ministry of Health is undergoing a restructuring program.

The restructuring is based on recommendations received from three major reports on Ontario health care: The Ontario Health Review Panel, chaired by Dr. John Evans; the Ontario Panel on Health Goals, chaired by Dr. Robert Spasoff; and the Advisory Committee on Health Promotion, chaired by Steve

Podborski, have all proposed new directions for health services. These proposals relay a stronger emphasis on community-based care, health promotion and disease prevention.

The new management structure is aimed at achieving greater co-ordination and community involvement among health services, especially between hospital programs and those sponsored by community groups.

A second objective is to improve links between health care and social services programs which are often directly related to

health concerns and health issues. The restructuring will mean a more open ministry with much greater flexibility to implement new programs and policies.

The Ministry of Health will also spend more than \$1-million over the next two years on 29 community projects promoting good health. The sponsor groups will use everything from peer counselling to martial arts training to get people involved.

The government has made a commitment to spend \$1-million annually on community projects promoting good health.

My colleague, the honourable Elinor Caplan, Minister of Health, received about 200 proposals for funding from a variety of organizations, including hospitals, health units, social service agencies, mental health organizations, school boards and community groups.

Non-profit organizations can apply for grants of up to \$50,000 a year, for a maximum of two years. Proposals are submitted to local district health councils. The Ministry accepts proposals twice a year, February 1 and August 1.

for your service

by John Beattie, Legion Branch 636

\$5,000.00 Donation! Following is part of the text of the welcome delivered by our Branch President, Anthony (Tony) Samarillo, at our June General Meeting, to Comrade Joan Irish, the immediate Past President of our neighbouring Haliburton Branch 129. Other members of their Executive were present as well. "It is encouraging to know that we have the support and understanding of comrades such as yourselves in our venture. We wish you to know that your generous donation comes at a very opportune time. We hope shortly, as they say in the Navy - to have our sea legs and get under full sail soon! In the meantime, your generous cheque for \$5,000.00 will help carry us through a very expensive time. It is accepted by us in the true spirit of comradeship in which I know it is given. May this comradeship

between our two Branches continue to grow. We look forward to participating with you in Legion functions with expectations of enjoyment and fellowship."

Don't forget our Yard and Bake Sale this coming Saturday, July 2, at Legion premises 9 a.m. to 4 p.m., rain or shine (286-4541).

Catering at the Hall is booming. For the several recent functions we must congratulate the hard working, volunteer kitchen crew.

"The last two years District 'F' has won first and second place for the best marching unit on Warriors' Day. Let's do it again this coming August 20 at the C.N.E." So states our District Commander Ken Jeffries in the Reveille Bulletin (posted at your Branch - plus info. re: free family tickets, etc.).

Our Zone F-4 Drumhead Service is to be hosted by Beaverton Branch 135

Sunday, September 11.

If the Legion Book Depot is to continue giving service to Canadian Forces personnel in isolated areas, we too must participate to better the present rate of input. Branch participation is truly an investment in good will. Please send your books to R.C.L. Book Depot, Room 204, 245 Cooper St., Ottawa, Ont. K2P 0G2.

Your Minden Branch Hours: Wednesdays and Saturdays - noon to midnight.

A group attended our LLBO Permanent Licence Application (and Seminar) in Peterborough on June 16. With reasonable expectation, we would then be open on a regular basis.

Our next General Meeting: Wednesday, July 6th, 7:30 p.m. sharp.

Vaccinate Your Pets

Pet owners should know that rabies vaccination protects both the animal and its human companions. In the past 10 years rabies was diagnosed in 16,392 animals in Ontario of which 1,408 were dogs and cats. More than half of the 12,000 people who had to be vaccinated during this period had been exposed to dogs and cats. Rabies vaccine provides animals with an effective barrier against infection from four weeks after the inoculation for a period of a year or more. Cats require more frequent booster vaccinations than dogs to maintain a good level of immunity, but your veterinarian's advice on the frequency of vaccination for both dogs and cats should be followed.

Fire placed cottages in jeopardy

(from page 1)

The thin to non-existent soil cover in the area meant, what little vegetation was growing in the area, was dry and vulnerable to the flames.

As the blaze grew Monday afternoon there was concern for the homes and cottages located along Highway 503 at the community of Head Lake. The stiff westerly winds carried large clouds of smoke out to the roadway and across the lake. Firefighters were able however to bring the blaze to a standstill before any property was threatened by the flames.

The Ministry of Natural Resources had three, five-man fire crews on the scene along with the assistance of the Laxton, Digby, Longford, and Bexley fire departments. The members of the fire brigades assisted in suppressing the flames on the fire front and transporting water by tanker truck to the portable tank, where it was pumped to the hose lines strung through the bush. It was estimated that close to 40 firefighters were involved at the height of the blaze.

Wisps of smoke float through a burnt over section of Laxton Township last Monday. This photo, taken with black and white film, would have produced the same image seen here if the color film had

been used. A white powdery ash covered the ground and the trees were charred black.

Even the spectators came appropriately attired to watch the Minden Fire 27.

As of Friday, the ministry felt the blaze had been suppressed to the point where it could be classified as under control. The rain on Wednesday helped dampen the fire, but the nature of the terrain means that remnants of the blaze could still be burning. The mopping up operation continues.

As quickly as crews were being removed from the Laxton fire, known as Minden Fire 27, they were being dispatched to other blazes in the region and northern Ontario. Dave Brown, senior fire control technician in the Minden district office in Haliburton, reported that a number of lightning strikes had been reported Thursday night in the Parry Sound district and along the northern edge of Algonquin Park.

Brown noted that the Restricted Fire Zone will remain in place until today (Monday) at midnight for the entire Algonquin region and unless significant rainfall is received, it will likely be extended. He noted the rain of last week provided a "breather" for the fire fighters, but the amount received was not enough to significantly ease the dangerous situation.

Under a restricted fire zone designation, all open fires are banned. Those travelling in the bush are advised to take extra care with smoking materials. The use of propane and charcoal fired stoves are permitted, but again, extreme caution is advised.

A firefighting crew from Bancroft, assisted by a local volunteer, work their way along the front line of the fire.

A night of school honours

It was a night of honours Wednesday, as the outstanding members of the graduating class of Archie Stouffer Elementary School were recognized. Teacher Glen Carter, left, presents Vicky Beach with the Tim Harrison Memorial Trophy for outstanding musical achievement during the year. Tanya Woodcock, right, receives the Alan Walker Memorial Trophy from George Burley. The award is presented to the all-round outstanding student "citizen" of the year.

DRIE meets regional economic disparities

(from page 11)

tourism development; mineral development; and cultural development. An agriculture and food Memorandum of Understanding has also been signed.

Manitoba: Signed sub-ERDAs include: forest resource; tourism development; northern development; agriculture processing; and marketing. Three Memoranda of Understanding have also been signed: science and technology; native economic development; and transportation.

Saskatchewan: Signed

sub-ERDAs include: technology; Northern Economic Development; tourism and irrigation development. An irrigation Memorandum of Understanding has also been signed.

Alberta: Signed sub-ERDAs include: forest resource; tourism development; northern development; agriculture processing; and marketing. Three Memoranda of Understanding have also been signed: science and technology; native economic development; and transportation.

portation.

B.C.: A recently signed ERDA includes the following sub-ERDAs: forestry; science and technology; agriculture; mineral development; tourism; industrial development; small business incentives; and the Victoria Convention Centre. Two Memoranda of Understanding have also been signed: science and technology; and the Victoria Convention Centre.

Yukon: Signed sub-ERDAs include: tourism,

small business; mineral resources; renewable resources; and planning.

Defence Industry Productivity Program

- In 1986 - 87, DRIE provided financial support for 112 projects valued at \$192 million in authorized assistance under the Defence Industry Productivity Program.

Investment, Innovation and Competitiveness

- We abolished the Foreign Investment Review Agency (FIRA)

and established Investment Canada.

- Investment Canada has a mandate to encourage and facilitate investment to all sources of investment capital and expertise, both domestic and international.

- Exceptional authority is provided to review acquisitions or investments that establish new businesses in culturally-sensitive sectors such as book printing and film production and distribution.

Native Economic Development Program

- This program helps Canada's native people achieve greater economic independence.

- In 1986 - 87, the NEDP authorized assistance for 150 projects for a total value of \$99.5 million.

- The government recently expanded the program and the resources available in order to continue the unprecedented success of this initiative.

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Hello readers: Looks like another hot day, a nice rain would be welcome.

Rev. Burgess had the service Sunday evening. Heather Bowron and her Aunt sang. It was much enjoyed. On Tuesday Jock Mavors had the service.

Callers for Dora Dawson were Mrs. Burchener and Mrs. Bert Dawson. We are glad to see Mrs. Shuyler home from the hospital. Also Mr. Harry Foy. Sorry to report Mrs. Casey is on the sick list. We wish them all a speedy recovery.

I understand Doris is coming along nicely at home after surgery. Bert Harrison was at home with some of his family on Sunday. Jean Taylor had her niece Mrs. Hobbs for lunch on Tuesday.

Joan Pritchard took a bus load of us to Hollow Valley in Dorset on Monday for lunch. Although it was very hot everyone enjoyed it very much. The folks there used us tip top, even gave us ice cream and drinks (tea and coffee) on the house. Two nice young gentlemen

helped unload and load the bus.

I had my Grandson Derek Hewitt from Burlington to see me again on the weekend. The Ladies from the Anglican Church served our afternoon tea on Thursday. It was delicious and a social time was enjoyed by all.

I missed last week's news as I wasn't able to write, but I would like to say Mr. Payne, Eldon Deacon,

George Smith and Don Alton entertained us on Friday of that week, we do look forward to them coming again.

Our sympathy to the family and friends of Mr. James Simpson, and Dr. Frederick Bamforth who passed away last week.

Till next week.

If only you would sometimes smile, you might find life is well worthwhile.

we love our children

Mr. and Mrs. Brad Griffin of Woodstock are having a week's visit with her mother Nell Rowden.

Katherine and Boyd Jarvis, Joshua and Brandon all of Geraldton are in our area for the summer.

Sheila and Bob Graham were away last weekend visiting her parents Mr. and Mrs. Donald Armbrust at Port Colborne.

Mrs. Mary Hutchinson and Aunt Muriel Grant of Lindsay are visiting with Mr. and Mrs. Oswald Snell at the moment.

New arrival is a baby boy for Anne and Mark Walker. Congratulations.

At the Tuesday Luncheon Euchre Games at the Legion Hall last Tuesday - winners were: Dick Toy, Hilda Rush, May Spence, lone hands Flo Dollo, and door prize May Spence. For the games on July 5 contact these numbers 286-2872 or 286-2733.

We would like to let everyone know that Ken Rowden is still unconscious in intensive care.

Jean Lacey and Illa Cooper were away at Ottawa for three days at the Horticultural Convention.

Sincere sympathy goes to the families and friends of the late Benjamin Hallam and Lloyd Heard whose funerals were since last week.

All good wishes go to

these people who are on the sick list, Les Northey, Evelyn Henderson, Lily Dugan and Pearl Cowan.

Mr. and Mrs. Jack Hill and Celia Brown enjoyed several days at Dunnville.

Eleanor and Ralph Young have just returned after a pleasant motor trip to Dawson City in the Yukon.

A goodly crowd were present on Sunday, June 19th at Lochlin Centre for a bridal shower for Janet Brown.

Starting July 1st, there will be the Rolling Readers programme for youngsters for 6 weeks. Hours at Minden Library are Monday through Saturday 3 - 5, Wednesday morning 10 - 12 and Tuesday and Thursday evenings 7:30 - 9 p.m.

Two girls from our area brought home some special ribbons from Lindsay Horsemen's Show, on Sunday, June 19th. Gail Palmer on Silhouette had a first, second, fourth and sixth and Carrie Warder on B.J. had 3 thirds, a fourth, fifth and sixth. Carrie Warder had several ribbons for high point reserve for English and also one for Reserve high point youth overall. Congratulations to all.

Jean Lacey very kindly took me on a pleasant weekend to visit my brother and his wife Gordon and Margaret Murchison at Kitchener and all their family were there as well as the Brom Churchills for Father's Day.

To the people who stole the windmill from the flower barrel at the Stuart Harrison's - we hope it gives them as much pleasure as it has given the children walking by the past two summers.

Winners at the Shuffleboard Club Euchre games at the Art Gallery at 1:30 on Thursday were: high lady - May Spence, low lady - Florence Schlosser, high man - Willard Bridgeman, low man - C. Langpohl and lone hands - Mitzi Alzner.

Sincere sympathy to the family and friends of the late Bruce Clouse, former Essex County Sheriff and a summer resident on 12 Mile Lake for the last 26 years.

Results from the Club 35

Euchre Party this week are: door prize - Darryl Foster, most lone hands - Len Trodd, high lady - Margaret Fletcher, high man - Ken Thompson, others - Madeline Redfern, Mary Shadd and Betty Campbell.

Pat Hamill of Ardon spent a week with once a pal and a neighbour Mary Currah. Mary's son Jackie and Charlotte visited Mary on Sunday.

Coming events are the Strawberry Bake Sale and Bazaar at Hyland Crest, June 29 from 2 - 4. The following week will be by the Anglican Ladies, a Pie Sale, at the Parkette and also Thrift Shop at Parish Hall. Read the posters. Also that day the Legion has a big event at their building on Highway 35.

Did you know?

by Doreen Hawman

To keep in line with the cost of living as of July 1, 1988, Old Age Security, Guaranteed Income Supplement, Spouses Allowance and Widowed Spouses Allowance have been increased.

Old Age Security pension rises from \$313.15 to \$315.97 per month. Guaranteed Income Supplement maximum goes from \$372.16 to \$375.51 for a single person and for a married recipient from \$242.39 to \$244.57. The maximum Spouses Allowance paid to low-income individuals between 60 - 64 who are married GIS recipients increases from \$555.54 to \$560.54. The maximum Widowed Spouses Allowance paid to low-income widowed persons 60 - 64 increases from \$613.33 to \$618.85. The Canada

Pension maximum amount for 1988 is \$543.06.

If you have a question regarding your pension or need help completing forms, contact the Haliburton County Information Centre located in the Drag River Municipal Building, Maple Ave., Haliburton. The centre is open Monday - Friday 10 a.m. to 4 p.m. or call 457-2733.

Be fair to the agent

prepared by the
Haliburton District
Real Estate Board

QUESTION: I looked at a house with the salesperson who had it listed, but my friend who is in real estate wanted me to buy through her. Who am I obligated to. This house is a Multiple Listing.

ANSWER: Be fair to your friend or relative in real estate. Since you are in the market to buy, you probably have used her as a source of information. You should at least consider giving her the opportunity to provide her services to you as well. Since this house is a Multiple Listing, and if she

is a member of the Haliburton District Real Estate Board, she has every opportunity to work on your behalf in its sale.

Unfortunately, you should have contacted your friend in the first place because ethically your obligation in this situation should be to the salesperson who introduced you to the property and spent the time and energy going over the house and all of its characteristics. At this point and time you might create hard and hurt feelings between the two agents involved if you buy through your friend.

If you discuss the

situation openly with your friend, I'm sure she will agree that it would not be fair to buy the property through her when another agent has done all the ground work with you.

Some questions to ask yourself when thinking of buying or selling a property through a friend or relative in real estate:

- Does this experience and knowledge apply to your property?

- Can they effectively sell or promote your type of property?

- Does his/her company provide the service you need?

- Would your friendship suffer or benefit the trust and honesty necessary between the seller and his agent?

- Would you be more comfortable with a representative that you do not know than with your friend?

A good friend should be able to tell you openly whether they can offer the services you require. The

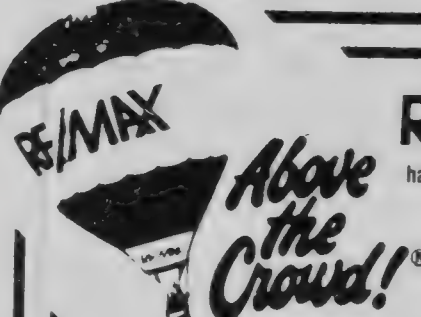

quality of your friendship and the reputation for efficiency should be able to answer whether or not to deal with a friend or relative in real estate.

The Haliburton District Real Estate Board is an independent board under the jurisdiction of the Ontario Real Estate Association and the Canadian Real Estate Association (OREA and CREA). We currently have 93 members

Monday, June 27, 1988

and 20 offices working for you in Haliburton County.

If you have any questions regarding a real estate transaction, or if you would like more information before listing or purchasing a property, board staff would be pleased to answer all inquiries. We can be reached at the board office located at Box 760, Minden, Ontario K0M 2K0.

Highway repairs funded

A total of \$545,622 in road and bridge repairs has been approved for residents of Victoria and Haliburton Counties, MPP John Eakins has announced. Eakins made the announcement on behalf of Ed Fulton, Minister of Transportation.

The County of Victoria will receive \$193,800 in supplementary funding for municipal roads.

He also announced that

a contract has been awarded for the structural rehabilitation of Highway 118, just west of Carnarvon.

The \$351,822 contract was recently awarded to Dagmar Construction Limited of Markham and work is expected to begin soon. The completion date is set for early fall, 1988.

Highway 118 will receive structural rehabilitation at Anson Creek Bridge and Black River Bridge, 13

kilometres and 25.2 kilometres west of Highway 35. The work includes new deck joints, concrete repairs and paving.

"The results of this work will extend the life of these structures, improve driving conditions for motorists in the Haliburton County area and reduce ongoing maintenance requirements at these two locations," Eakins says.

Funds released for capital school projects

Education Minister Chris Ward has announced the first year's commitment in the three-year school capital plan described by the Treasurer in the 1988 Ontario budget.

Province-wide grant commitments launched this year will total \$381-million, and when combined with local contributions will produce \$504-million in capital projects over three years.

About 91 per cent of the grants, or \$347-million, will be designated for new construction, creating approximately 45,000 new pupil places.

"When the entire three year capital plan is completed, we estimate that we will have created 110,000 new pupil places"

said Mr. Ward.

On Wednesday, April 20, Ontario Treasurer Robert Nixon announced a \$900-million, three-year grant commitment that will enable school boards to undertake \$1.3-billion worth of capital construction.

"This three-year program will enable us to plan and build our elementary and secondary systems in a sensible and confident manner," said Mr. Ward.

"It will allow us to direct our resources to the area of most critical need - the creation of new pupil places," he said. "Since taking office, this government has created more than 78,000 new pupil places, in addition to providing significant allocations for renovations

and renewals.

The government's first priority will be the creation of pupil places in those growth areas where the need is the greatest, Ward said.

Ward reaffirmed the government's commitment to the provision of child care facilities in every new school.

More than \$15.5-million of the allocations will be directed to the creation of child care spaces.

"If we are to display continuing leadership, and maintain our pre-eminence in the field of education, we must invest and reinvest in our capital stock," Mr. Ward told the Legislature. "This is a prerequisite to the excellence we expect. Our young people deserve no less."

BIRTHS

CORBY: Hi! My name is **AMANDA LEANNE CORBY**

I was born on June 18th at 7:35 p.m. in Peterborough Civic Hospital. My proud parents are Tim and Patti Corby. I also have a brother Ryan, and a sister Brittany. My grandparents are Phil and Gene Corby and Bill and Darlene Porter. I only weighed 4 lbs., 9 ozs. when I was born so I am not allowed home yet. I will be home in 3 or 4 weeks, see you then.

CARD OF THANKS

We wish to thank all relatives, friends and neighbours who have been so kind and thoughtful with their donations and phone calls regarding Ken Rowden who still remains in unconscious condition in Sunnybrook Hospital. We wish to express our appreciation, from all concerned. Special thanks to all, sincerely

The Rowden Family

I would like to thank everyone who helped with the pancake breakfast for the Ride for Sight. Your donations and time given are appreciated greatly. Special thanks to Don Simons and to Marg Burke for their interest and help to make this event a great success.

Leitha Grexton

We would like to thank our many friends and neighbours for the surprise house warming party and lovely gifts. Also the musicians who did a super job and the ladies for a beautiful buffet. Put these all together and we had a party that words cannot do justice to. A sincere thanks to you all. **Cliff & Rhoda Woolner**

CARD OF THANKS

NEWMAN: The family of the late Marion Newman wish to sincerely thank friends, neighbours and relatives for their support and kindness shown

CARD OF THANKS

at the time of our bereavement at the loss of a dear mother and grandmother. Also donations made to Pioneer Baptist Church, Heart and Stroke Foundation and to the Gideon Bible plan, also to those who sent flowers were greatly appreciated. Thanks to the Minden Ambulance and the staff at the Minden Hospital for their professional service. Special thanks for prayers and comforting words of Rev. Fogwell and Rev. Vanderlip. Also a special thanks to Coboconk L.O.B.A. and visiting Lodges, and to the Pioneer Baptist Church, also Kinmount, for the lovely lunch after the service. Also the Fawcett Funeral Home for their personal and professional service. Thanks again.

Roy Newman and Family

IN MEMORIAM

PROCENKO: In loving memory of our friend Michael, taken June 23, 1978.

Time takes away the edge of grief
But memory turns back every leaf.

Never forgotten by the Beers Family

PROCENKO: In fond memory of our dear son Michael who was taken away 10 years ago, June 23, 1978.

No one knows how much we miss you
No one knows the bitter pain
We have suffered since we lost you
Life has never been the same
In our hearts your memory lingers
Sweetly fondly tender true
There is not a day dear Michael
That we do not think of you.

Very sadly missed and always remembered, Mom, Dad and Lisa.
